# Smartee Clear Aligner System Course Series in UK

## What will I Learn?

Delegates who attend this aligner course will be given the tools, techniques and confidence to immediately introduce aligner orthodontic treatment in their own practices. You will learn how to screen your patients and to select those cases suitable for aligner orthodontic treatment. You will be given a greater in depth knowledge of utilising The Smartee solutions to treat more complex cases.

Course fee includes lunch & refreshments.

## Dr. Pratik Sharma

- Specialist in Orthodontics
- BDS(Hons.), MFDS RCS(Ed), M.Sc, M. Orth RCS (Ed.), FDS Orth RCS (Ed.), ECGDent, FHEA
- Obtained a Master of Science degree in Orthodontics from the University of London achieving a distinction for his research thesis and subsequently went on to complete his Membership in Orthodontics from the Royal College of surgeons of Edinburgh.
- Dr. Sharma has been practising orthodontics exclusively since 2002 working part-time in out private practice and the rest of his time as Hospital consultant / Senior Clinical Lecturer in Orthodontics at the Royal London Hospital Dental Institute / Queen Mary's School of Medicine and Dentistry, London. He is heavily involved in teaching undergraduate Dental students and training to become hospital consultants.
- As a hospital consultant he is also involved in treating patients presenting with complex malocclusion including those requiring jaw surgery. Dr. Sharma has published numerous articles in peer - reviewed journals and presented his research at national and international orthodontics conferences and meetings. In 202 he was awarded the prestigious B.F and Helen E. Dewel Award for Clinical Research from the American Journal of Orthodontics and Dento-facial Orthopaedics.

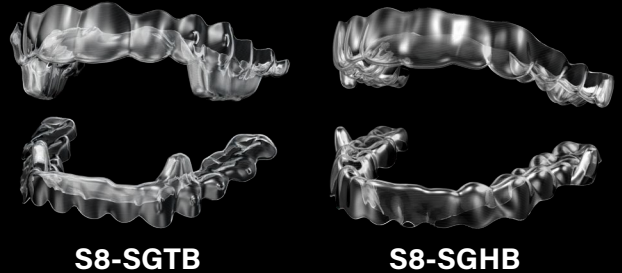

## Dr. William Maguire

- Specialist Orthodontist
- BDS, MSc Orthodontics, MBA, FDS RCPS(Glasg), MOrth RCSEd, M(Orth) RCPS(Glasg), IMOrth RCSEng, DLM, PGCertM.Ed, PGCert.Clin.Res, MFDS RCPSG, MDTFEd, AssocFCGDent.
- As an orthodontic specialist at DJ Maguire Dental Group, Dr. Maguire provides high-quality orthodontic treatment to patients across several of our family dental practices in Portadown and Belfast. He has over six years of experience as a general dentist and three years of specialized training in Orthodontics at Newcastle University, where he obtained his MSc degree and several professional credentials.
- Dr. Maguire is proficient in various orthodontic techniques and technologies, such as metal and ceramic braces, removable braces, and clear aligners such as Smartee. He is passionate about creating beautiful smiles and improving the oral health and confidence of his patients. He is also committed to continuous learning and professional development, as evidenced by my MBA degree and postgraduate certificates in clinical research and medical education.

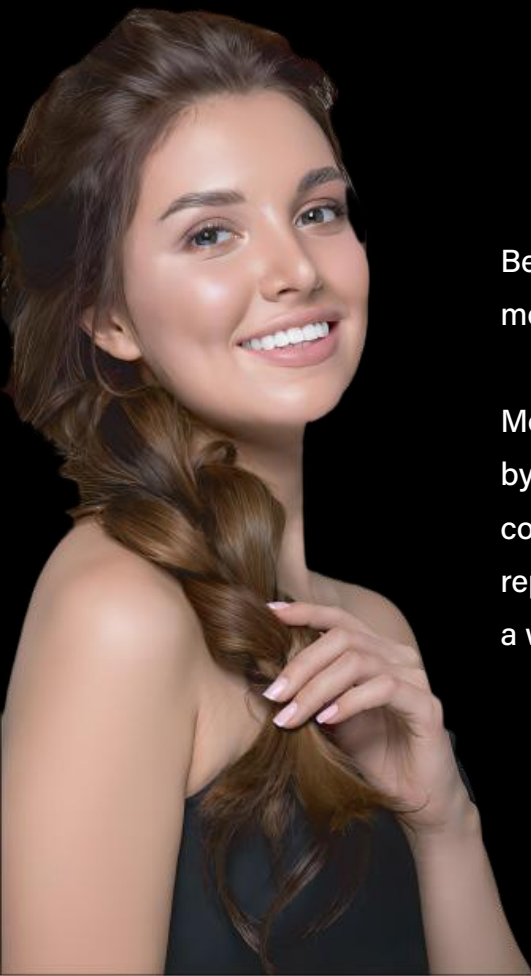

# Why Smartee!

You can rely on a team dedicated to you and to your patients.  
That's because we have;

- 20 years of professional experience
- 64 million aligner sets manufactured
- 1,600,000 smile designs worldwide

- If you pay for the course (£299+vat), you will have this amount deducted off your first Smartee case when you start. The course is free if you're willing to try Smartee!
- Be Smart(ee) - Refer a friend. For every 5 cases your referred clinician purchases you will receive 1 FREE Smartee Lite case .
- When your referred clinician reaches 10 cases you will receive an extra Smartee Express case free of charge.
- To qualify you must purchase 5 cases from any one of the Smartee range.

Be mindful that the places are limited as Smartee Courses run small meeting group sizes to give everyone more personal one to one attention.

More than just orthodontic correction, Smartee is supported by the latest technology and in-depth scientific research, combining tooth alignment simultaneously with mandibular repositioning and arch remodelling, allowing the correction of a wide range of malocclusions.
